

what3words

What3words is a smartphone app and is an easy way to identify precise locations. Every 3m square in the world has been given a unique combination of three words: a what3words address. What3words can help find unclear addresses and hard-to-find locations. The emergency services have hailed it for its ability to potentially save lives.

We can also have some fun with it. Download the app and you are ready to go. Keep the app on your phone, you never know when you might need it!
